We are committed to protecting the freedom of individuals and to maintaining a peaceful and safe environment by which to work and learn. We believe that this nations system of higher education is vitally important to preparing our students to become responsible and contributing citizens. We therefore believe that learning to respect the rights of others and understanding that the violation of those rights can bring negative consequences is an important lesson to be learned at this stage of life. We also believe such wisdom is as important to the personal development of the individual as it is to the protection of the social fabric of our country".

"We follow the guidelines of the community policing philosophy and remind ourselves that the logo: ‘to serve and to protect’, means just that. ANNUAL SECURITY REPORT
PREPARATION OF THE ANNUAL SECURITY REPORT AND DISCLOSURE OF CRIME STATISTICS

Dixie State University, DSU Police and Public Safety published this report to inform the DSU community about campus security policies, initiatives to prevent and respond to crime and emergencies, and the occurrence of crime on campus. This report complies with the Jeanne Clery Disclosure of Campus Security and Crime Statistics Act and uses information maintained by the University Police, information provided by other University offices such as Student Affairs, Residence Life, Campus Security Authorities, and information provided by local law enforcement agencies surrounding the campus. Each of the offices provides update policy information and crime data.

The report provides statistics for the previous three years concerning reported crimes that occurred on campus, in certain off-campus buildings or property owned, leased or controlled by DSU. The report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol, and other drugs.

The University distributes a notice of availability of this Annual Security and Fire Safety Report by October 1 of each year to every member of the University community. Anyone, including prospective students and employees, may obtain a paper copy of this report by contacting the DSU Police at 435-652-7515.

ABOUT THE DEPARTMENT OF POLICE & PUBLIC SAFETY

The Dixie State University Police Department provides law enforcement and security services to all components of Dixie State.

The department has six full-time state certified Police Officers, and two state-certified Reserve Officers.

Patrol is the core function of the Dixie State University Police Department. Officers answer calls for service, respond to alarms, and enforce state criminal and traffic laws. Specialized assignments including Crime Prevention, Special Weapons and Tactics (SWAT) and Bicycle Patrol are assumed by officers depending on their individual interest and credentials.

JURISDICTIONAL ENFORCEMENT AND ARREST AUTHORITY OF UNIVERSITY POLICE

The Dixie State University Police Department is the primary police authority for Dixie State University. Our police officers are certified Utah peace officers as defined in the Utah Code of Criminal Procedure. Pursuant to Section 53B-3-105 of the Utah Education Code, the primary jurisdiction of Dixie State University police officers includes all property which is owned, leased, rented, or otherwise under the control of Dixie State University.

The Dixie State Police Department works and trains with St. George Police Department, is computer linked to city, state, and federal criminal justice agencies, which provide access to criminal records, wanted persons, stolen property, and vehicle information. All crimes reported to the University Police Department are thoroughly investigated and prosecuted by this department.
The Dixie State University Police Department maintains excellent working relationships with all area law enforcement agencies including the St. George Police Department, Washington County Sheriff’s Department, and the local field office of the Federal Bureau of Investigation. As stated in section 76-8-707 of the Utah Penal Code, these agencies are required by law to assist this department upon request.

STANDARDS PROFESSIONAL
Developing positive relationships with the community and providing excellent service are vital to achieving the department’s overall mission of ensuring a safe and secure campus. The quality of our service depends in part on feedback received from the community served. Please help to improve the department by bringing your concerns and observations to the attention of the department through one of the following options:

In person by scheduling an appointment with the Chief of Police (435-652-7515)

In writing to Dixie State University Police Department, 300 S. 800 E., St. George, UT 84770.

INCIDENT REPORTING AND RESPONSE
DSU employees are required to report campus crimes they witness and/or of which they have knowledge. Members of the DSU community can make a report of a crime and request that it remain confidential. The DSU Police officer will comply with the request to keep the reporter’s identity confidential to the extent allowed by law. Reporting the crime may provide information that helps keep the DSU campus safe, provide accurate records of the number of on-campus incidents, contribute to determining if there is a pattern of crime, and alert the University community to potential dangers. Reports of crimes filed with a request for confidentiality are included in the Daily Crime Log and the Annual Security Report (ASR). Any criminal offense or suspected criminal activity should be reported directly to University Police by telephone, in person, by e-mail (Reid@dixie.edu) Campus elevators are also equipped with emergency phones. You can review the entire “Campus Safety & Security” policy.

University police will respond as quickly as possible to any request for assistance. Response time is based on current activity and severity of the call. Crimes in progress, alarms, traffic accidents with injuries and medical assists have higher priority than other types of calls.

We cannot overemphasize the importance of prompt and accurate crime reports, no matter when it occurs. If a crime is not promptly reported, evidence can be destroyed or the potential to apprehend the suspect minimized by the delay. Without timely and accurate reports, leads could be overlooked and investigations misguided. If you witness a crime or emergency, promptly report it to University Police and be prepared to answer questions as accurately as you can. The subsequent investigation can only be as thorough as the information received. If you are the victim of a crime, have seen or received information of criminal activity or witnessed an emergency situation, please contact University Police immediately.

REPORTING CRIMINAL OFFENSES TO UNIVERSITY OFFICIALS
Faculty, staff and students are encouraged to report any criminal offenses on campus directly to University Police. In an emergency (police, fire or medical) immediately call 911. Any suspicious activity or person seen in the parking lots or loitering around vehicles, inside buildings or around the University’s residential facilities should be reported to the police department.

In addition, you may report crimes to the following areas:

- Director, Don Reid – 435-619-1145
- Assistant Director, Ron Isaacson – 435-619-1144
- On-duty Officer – 435-865-8752
- Counseling and Psychological Services 435-865-8621
- Anonymous Messages 435-652-7515

The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, determine where there is a pattern of crime with regard to a particular location, method, or assailant, and alert the campus community to potential danger.

For off-campus offenses, we encourage prompt reporting to the St. George Police or the Washington County Sheriff’s Office.

CONFIDENTIAL INFORMATION
The fact that you may have important safety and crime related information may not automatically require a formal, official, or immediate response.

If you wish to report something in confidence, we urge you to meet privately with the Director of Campus Police and request that the information be
kept confidential. You may also report the information through a reliable third party (i.e. housing director, wellness center, faculty, coach, etc.).

**PASTORAL/COUNSELOR EXEMPTION**

Although exempt from the reporting requirements of the Clery Act, pastoral and professional mental health counselors are encouraged to refer persons they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual statistics, especially if the incident is part of a continuous threat to the campus community. The University Police Department, as well as campus officials, will assist students with notification to the proper law enforcement authorities, if appropriate. It is the Department’s goal to provide assistance wherever the report is made.

**EMERGENCY RESPONSE/TIMELY WARNING**

![Emergency Alert System](image)

Employees and students are instructed to call 911 in the event that they become aware of an emergency or dangerous situation. Dixie State University employs an extensive Emergency Alert System (EAS). The system allows for quick emergency notifications and instructions to be made to the campus community via the University website, email messages, cellular and landline telephones, text messages, digital bulletin boards throughout campus, and alerts pushed to campus computers. With the possible future adaption to encompass an outdoor public address system. Alerts can be issued to a specific segment of the campus community or to a specific category of devices as warranted. DSU encourages everyone; to listen and adhere to Dixie alert messages, know emergency procedures, follow the direction of employees and emergency personnel. All students and employees are urged and responsible to update their emergency contact information in the [My Dixie](http://my.dixie.edu) computer system.

Emergency notifications are issued when there is a significant emergency or a dangerous situation occurring on the DSU campus that involves an immediate threat endangering the health or safety of students or employees. Emergency and dangerous situations may include but are not limited to fire, earthquake, flood, building collapse, weather-related situations, power outages, water emergencies, threat of violent crime, situations where the identity or location of a suspect is not known, Clery Act crimes, and crimes not covered under the Clery Act. Containing an emergency is the first priority, but the next priority is notifying the campus community. An emergency notification will be issued timely and accurately, taking into account the safety of the campus community. The only exceptions are if issuing an emergency notification would compromise efforts to assist a victim or to contain or respond to the emergency, or otherwise mitigate the response to the emergency.

The Emergency Alert Team (ERT) uses an authority and decision protocol matrix when deciding to make an alert, including the method of distribution, message content, and intended audience of the notification. The ERT is strategically made up of DSU employees.

At least once each year and usually twice a year, DSU will conduct an announced or unannounced test of the emergency alert system and plan in the form of a scheduled drill or exercise with appropriate follow-through activities designed for assessment and evaluation of emergency plans and capabilities. A response to an actual emergency cannot substitute for the test. In conjunction with at least one such test, the emergency and evacuation procedures are located on our [website](http://my.dixie.edu). They are distributed on an annual basis in a manner designed to reach all students and employees.

The Office of Risk Management & Safety documents each year’s annual test and the result, and retains such documentation for at least seven (7) years.

April 5, 2014 we sent out an advertised alert with the State wide Great Shake Out campaign. Our campus community was able to test our earthquake emergency procedure and practice the Drop, Cover and Hold technique. On September 5th at approximately 10:20, we sent out a campus wide test to our Dixie Alert System using our new Campus Alert provider system. In review some areas were identified for future improvement.

Contact information included in Dixie Emergency Alert System will be used ONLY for campus emergency notification and will NOT be made available to any other service. All of the information is also available on our [website](http://my.dixie.edu) on the bottom of the Homepage under the heading “Emergency Information”. Here are written steps to login and update your cell phone information:

Emergencies and disasters can happen to anyone, anywhere, and at any time. It is critical that students, faculty, and staff be well prepared and trained in the case of these events. The University encourages everyone to be self-preserving with water, food, and emergency supplies for at least 3 days.

Please review and be familiar with the DSU "Emergency Operation Plan”.

SECURITY, ACCESS, AND MAINTENANCE OF CAMPUS FACILITIES

Outside of normal business hours access to campus facilities varies. The corresponding Dean, Director, or Department Head is responsible for determining access to the facilities under their control. It is unlawful for any person to trespass on the grounds of any state of Utah institution of higher education or to damage or deface any of the buildings, statues, monuments, memorials, trees, shrubs, grasses or flowers on the grounds of such institutions.

The University Police Department conducts patrols throughout campus on a regular basis. These patrols include the campus residential facilities which are staffed with live-in Resident Assistants and Community Coordinators who maintain rotating on-call schedules whenever students are living in the residence halls.

Dixie State University’s Board of Trustees and/or its authorized representatives may refuse to allow persons having no legitimate business to set foot on or enter property under the board’s control. Persons who, upon request, refuse to leave peaceably may be removed from the property. Identification may be required of any person on property owned or operated by Dixie State University.

MAINTENANCE

Non-residential Maintenance Concerns

If the condition is an emergency or safety concern, a Call Center representative will contact the University’s on-call maintenance representative. If the concern does not need to be addressed immediately, a work order will be submitted to be completed during normal business hours.

Dixie State University’s Facilities Management department takes security service needs as its highest priority. Facilities Management personnel immediately respond to reports of inoperable doors, burned-out lights, malfunctioning smoke-fire alarms, broken windows and screens, and requests from the University Police Department.

Police and security personnel closely monitor any security-related maintenance problems after hours and report their findings to the appropriate University official. If necessary, they will stand-by until the problem is corrected.

**Notes:**

Alcohol and other drug use during pregnancy increases risk of physical harm to fetus.
Additional risks of harm may occur from toxic impurities present in street drugs.
Additional risks of harm may occur from the use of prescription drugs in ways other than prescribed.
Drugs taken by injection can increase the risk of infection (e.g. HIV, hepatitis, etc.) through needle contamination.

WEAPONS

In accordance with Utah Criminal Code section 76-10 part 5, a person may not possess any dangerous weapon, firearm, or sawed-off shotgun, as those terms are defined in section 76-10-501, at a place that the person knows, or has reasonable cause to believe, is on or about school premises without a concealed weapons permit. Use of a dangerous weapon in offenses committed on or about school premises enhances the penalties. Threatening with or using a dangerous weapon in a fight or quarrel is also unlawful. (See UCA76-10-505.5 and 76-3-203.2)

Concealed weapons are authorized on campus if the carrier has a valid and current concealed weapons permit. It is recommended to contact the University Police office regarding these and other codes regarding weapons to clarify compliance, keeping in mind that the Student Code of Conduct prohibits behavior that intimidates or causes other students to fear for their safety.

SEXUAL ASSAULT

UCA76-9-702(3); UCA76-5-402; UCA76-5-403; UCA76-5-406

Victims of sexual assault or persons who have information regarding a sexual assault are strongly encouraged to report the incident to the University Police Department immediately. It is the policy of the department to conduct investigations of all sexual assault complaints with sensitivity, compassion, patience and respect for the victim. Investigations are conducted in accordance with guidelines established by the Utah Criminal code and the Washington County Attorney’s Office.

All information and reports of sexual assault are kept strictly confidential. In accordance with the Utah Code of Criminal Procedures, victims may use a pseudonym to protect their identity. A pseudonym is a set of initials or a fictitious name chosen by the victim to be used in all public files and records concerning the sexual assault. The victims of sexual assault are not required to file criminal charges or seek judicial actions through the University disciplinary process. However, victims are encouraged to report the assault in order to provide the victim with physical and emotional assistance and provide the University with valuable preventative information.

Information and assistance is also available through the Health and Wellness Center (435-652-7756), Rape and Sexual Assault (435-867-6149), Domestic Violence Crisis (435-865-7443) and the Washington County Victim’s Advocate (435-865-5318).

The University Police Department is available to all victims to provide information about personal safety. Utah Crime Victim’s Rights and Utah Crime Victim’s Compensation Fund and other information are also available upon request. The Vice President of Student Services can assist the victim with issues including, but not limited to, class schedule changes, withdrawal procedures or campus housing relocation.

The University does not tolerate sexual misconduct or abuse, such as sexual assault, rape or any other forms of nonconsensual sexual activity. Sexual misconduct in any form violates the Student code of conduct, University policies and may violate federal
and state laws. Violation are subject to disciplinary sanction.

DSU has the following policies in place to insure the safety of our students:

**Campus Safety and Security**

**Sexual Assault, Relationship Violence, & Stalking**

**Sexual Harassment/Discrimination -**

**Faculty and Staff - Discrimination/Sexual Harassment**

The University Police Department is available to receive and investigate reports of sexual assault, assist a victim in securing medical attention, provide a crisis advocate if requested by the victim, participate in evidence preservation and collection, conduct investigations and inform the victim of legal and administrative options both on and off campus.

**WHAT IS CONSENT?**

Consent must be informed, freely given and mutual. If coercion, intimidation, threats or physical force are used there is no consent. If a person is mentally or physically incapacitated or impaired so that such person cannot understand the fact, nature or extent of the sexual situation, there is no consent: this includes impairment of incapacitation due to alcohol or drug consumption, or being asleep or unconscious. Inducement of incapacitation of another with the intent to affect the ability of an individual to consent or refuse to consent to sexual contact almost always, if not always, negates consent. Silence does not necessarily constitute consent. Whether a person has taken advantage of a position of influence over an alleged victim may be a factor in determining consent.

**DEFINING SEXUAL ASSAULT/RAPE, DOMESTIC VIOLENCE, DATING VIOLENCE, AND STALKING**

**Sexual Assault:** Sexual assault occurs when a person engages in sexual intercourse or deviate sexual intercourse with a complainant without a victim’s Effective Consent.

**Rape:** Is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. Rape also occurs when a person engages in sexual intercourse with a person by forcible compulsion or the threat of forcible compulsion that would prevent resistance by a person of reasonable resolution, or when a person is unconscious or where the person know the victim is unaware that the act is occurring.

**DOMESTIC VIOLENCE:**

Domestic Violence: Includes felony or misdemeanor crimes of violence committed by a current of former spouse of the victim, by a person with whom the victim shares a child in common, by a person cohabitating with or has cohabitated with the victim as a spouse, or by any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family laws of the jurisdiction as outline in Utah Code of Criminal Procedure: Title 77 Utah Code of Criminal Procedure - Chapter 36 Cohabitant Abuse Procedures Act

"Domestic violence" means any criminal offense involving violence or physical harm or threat of violence or physical harm, or any attempt, conspiracy, or solicitation to commit a criminal offense involving violence or physical harm, when committed by one cohabitant against another.

**DATING VIOLENCE:** Means violence committed by a person (a) who is or has been in a social relationship of a romantic or intimate nature with the victim; and (b) where the existence of such a relationship will be determined based on a consideration of the following factors:

The length of the relationship.

The type of relationship

The frequency of interaction between the persons involved in the relationship.

Dating Violence is currently outlined by statute, Utah Code – Title 78B - Chapter 7 - Part 4.
et seq.

**STALKING:** Mean engaging in a course of conduct directed at a specific person that would cause a reasonable person to –a) fear for his or her safety or the safety of others; or b) suffer substantial emotional distress. A person commits the crime of stalking when the person either:

Engages in a course of conduct or repeatedly commits acts toward another person, including following the person without proper authority, under circumstances which demonstrate either an intent to place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person; or

Engages in a course of conduct or repeatedly communicates to another person under circumstances which demonstrate or communicate either an intent or place such other person in reasonable fear of bodily injury or to cause substantial emotional distress to such other person.

**WHAT TO DO IF YOU HAVE BEEN THE VICTIM OF SEXUAL ASSAULT, DATING VIOLENCE, DOMESTIC VIOLENCE OR STALKING**

After an incident of sexual assault, it is important to seek medical attention as soon as possible. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence, as may be necessary to the proof of criminal activity, may be preserved. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report, and victims have the right to decline involvement with the police. Whether a victim reports the crime to the police, or not, if the alleged offender is a member of the University community, the victim has a right to proceed to seek discipline against the offender.

To criminally report an incident involving a sexual assault, domestic violence, stalking, and dating violence, contact Dixie State University Police/Public Safety Department. The University will assist any victim with notifying local police if they so desire.

**RISK REDUCTION, WARNING SIGNS OF ABUSIVE BEHAVIOR AND FUTURE ATTACKS**

No victim is EVER to blame for being assaulted or abused. Unfortunately, studies show that a person who is the victim of sexual or dating violence is more likely to be re-victimized. Below are some tips to help reduce your risk, to recognize warnings signs of abusive behavior and how to reduce the risk of a potential attack.

**WARNING SIGNS OF ABUSIVE BEHAVIOR**

Domestic and dating abuse often escalates from threats and verbal abuse to violence. And, while physical injury maybe the most obvious danger, the emotional and psychological consequences of domestic and dating violence are also severe. Warning signs of dating and domestic violence include:

Being afraid of your partner
Constantly watching what you say to avoid a “blow up.”
Feelings of low self-worth and helplessness about your relationship.
Feeling isolated from family or friends because of your relationship.
Hiding bruises of other injuries from family and friends.
Being prevented from working, studying, going home, and/or using technology (including your cell phone.)
Being monitored by your partner at home, work, or school.
Being forced to do things you don’t want to do.

HELP REDUCE YOUR RISK AND AVOID POTENTIAL ATTACKS
If you are being abused or suspect that someone you know is being abused, speak up or intervene.
Get help by contacting the Counseling Center or Health Center for support services
Learn how to look for “red flags” in relationships so you can learn to avoid some of those characteristics in future partners.
Consider making a report with Campus Policy and/or the Title IX Coordinator.
Consider getting a protection from abuse order or not contact order from a local judge or magisterial justice.
Learn more about what behaviors constitute dating and domestic violence, understand it is not your fault, and talk with friends and family members about ways you can be supported.
Trust your instincts – if something doesn’t feel right in a relationship, speak up or end it.

SEXUAL ASSAULT PREVENTION
Be aware of rape drugs
Try not to leave your drink unattended
Only drink from un-opened containers or from drinks you have watched being made and poured
Avoid group drinks like punch bowls
Cover your drink. It is easy to slip in a small pill even while you are hold your drink. Hold a cup with your hand over the top, or choose drinks that are contained in a bottle and keep your thumb over the nozzle.
If you feel extremely tired or drunk for no apparent reason you may have been drugged. Find your friends and ask them to leave with you as soon as possible.
If you suspect you have been drugged, go to a hospital and ask to be tested.
Keep track of how many drinks you have had
Try to come and leave with a group of people who you trust.
Avoid giving out your personal information (phone number, where you live, etc.) If someone asks for your number, take his/her number instead of giving out yours.
Health and Wellness Center (435-652-7756) provides advocacy, education, prevention and personal safety programs.

TRAVELING AROUND CAMPUS (WALKING)
Make sure your cell phone is easily accessible and fully charged
Be aware of open buildings where you can use a phone
Keep some change accessible just in case you need to use a pay phone
Take major, public paths rather than less populates shortcuts
Avoid dimly lit places and talk to campus services if you believe that lights need to be installed in an area
Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.

GUIDELINES OR SUGGESTIONS TO FOLLOW AFTER A SEXUAL ASSAULT
Get to a safe place as soon as you can.
Call 911.
Get medical attention as soon as possible to make sure you are physically well and to collect important evidence in the event you may later wish to take legal action.
Try to preserve all physical evidence. Do not wash, use the toilet, or change clothing if you can avoid it. If you do change clothes, put all clothing you were wearing at the time of the attack in a paper, not plastic, bag.
Talk with a counselor who will maintain confidentiality, help explain your options, give you information and provide emotional support. You can reach a counselor
by calling the Health and Wellness Center at 435-652-7756.

Contact someone you trust to be with you and support you.

**MEDICAL TREATMENT**

It is important to seek immediate and follow-up medical attention for several reasons: first, to assess and treat any physical injuries you may have sustained; second, to determine the risk of sexually transmitted diseases or pregnancy and take preventive measures; and third, to gather evidence that could aid criminal prosecution. Physical evidence should be collected immediately, ideally within the first 24 hours. It may be collected later than this, but the quality and quantity of the evidence may be diminished.

**SEX OFFENDERS REGISTRY**

The “Campus Sex Crimes Prevention Act” is a federal law enacted on October 28, 2000 that provides for the tracking of convicted, registered sex offenders enrolled as students at institutions of higher education, or working or volunteering on campus.

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders and requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

The Utah Department of Public Safety (DPS) is the official Utah internet source for Sex Offender Registration information. The Sex Offender Registration open record information is extracted from the DPS Sex Offender Registration Database. The DPS maintains files based on registration information submitted by criminal justice agencies and represents a statewide source of information on the sex Offender’s website. A link to The DPS public web page can be found on the University Police website.

Information may also be obtained from:

**MISSING PERSONS**

The Clery Act requires Dixie State University to present every residential student with a method to provide the name and phone number of a confidential contact person to be notified in the event the student is reported missing. The confidential contact person may or may not be the same as the student’s emergency contact information collected at check-in.

If the student is under 18 and not emancipated, the University must notify the custodial parent or guardian in addition to the confidential contact person if student is reported missing.

The confidential contact person’s information will only be accessible to authorized campus officials and law enforcement if the student is deemed missing.

Regardless of whether the student names a contact person, unless the local law enforcement agency was the entity that made the determination that the student is missing, the University will notify local law enforcement that the student is missing. The policy can be found in the “Resident Life Handbook.”

**CRIME STATISTICS**

**POLICY FOR REPORTING THE ANNUAL DISCLOSURE OF CRIME STATISTICS**

The University Police Department prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. This report is prepared in cooperation with local law enforcement agencies.

Campus crime, arrest and referral statistics include those reported to the University Police, designated campus officials (including but not limited to directors, deans, department heads, advisors to students/student organizations, athletic coaches) and local law enforcement agencies.

**NOTIFICATIONS**

Each year, an e-mail notification is made to all current students, faculty and staff providing the web site to access this report. Prospective students and employees may obtain a copy of the report from the University Police or visiting the website.

Prospective employees are notified about the Clery Act via at the time they make application for
employment at the university. New employees are notified during the Human Resources New Employee Orientation conducted each semester.

**POLICIES OR RULES ON ELECTRICAL APPLIANCES, SMOKING AND OPEN FLAMES IN A STUDENT HOUSING FACILITY**

The following list of policies address portable electrical appliances, smoking and open flames in DSU student housing facilities:

**Fire Hazard:** Open flames (e.g., candles, incense, kerosene lamps, etc.) and candle warmers are not permitted in Housing facilities. This policy includes, but is not limited to, candles/incense that have not been lit, have the wicks removed, and/or are being used for decorative purposes. Items such as electric irons and curling irons must have an automatic shut-off feature.

**Dangerous Items:** Firearms, ammunition, fireworks, incendiaries, combustible fuel or material (e.g., propane, kerosene, etc.), hazardous/dangerous chemicals, explosives, or other potentially dangerous weapons/items are prohibited, unless otherwise authorized by law. The Housing Office reserves the right to determine if an item is dangerous.

**Smoking:** Smoking is not permitted in any Housing facility, or within 25 feet of building entrances, exits, air intakes, and/or windows. Since the Housing facilities are residential areas, residents of on-campus housing agree to smoke only in designated smoking areas.

**Prohibited Items:** Appliances or devices with heating elements (e.g., hot plates, toasters/toaster ovens, coffee makers, grills, rice cookers, woks, etc.) that do not have automatic shutoff features are prohibited. Small countertop appliances, with automatic shut-off features that are engaged at all times, are only allowed in units with kitchens, but are prohibited in bedrooms. Extension cords are not allowed in student housing facilities. Grounded power strips with overload shut-off capabilities are allowed, but must be plugged directly into an outlet (chaining of extension cords or power strips is prohibited). Electric heaters and personal air conditioners are not permitted.

**PROCEDURES FOR EVACUATION IN CASE OF A FIRE**

When a building alarm is activated (automatically or manually), Housing and Resident Life staff should:
• Notify residents to evacuate (ensure that individuals with disabilities are aware and receive assistance to evacuate if necessary)
• Call 911 and other Housing/University personnel and be prepared to give specific information regarding self, the building, and the alarm
• Inform emergency response personnel of any special needs students who may need assistance with evacuating.
• Assist in keeping students in designated evacuation areas until otherwise notified.

If a student hears a fire alarm, or sees smoke/flames in their room/building, they are to leave quickly if it is safe to exit:

• If there is smoke in the room/apartment, he/she is to keep low to the floor
• He/she is to close all the doors as they leave
• He/she is to leave the door(s) unlocked
• If possible, and safe to do so, he/she is to take his/her room/apartment key(s) and ID with him/her

The Abby Apartments evacuation area is

The empty street behind the grass area in front of Abby

The Chancellor Apartments evacuation area is:

• The St. George Community Church parking lot, which is located one block directly south of Chancellor

The Nisson Towers and Shiloh Hall evacuation area is:

• The basketball court by the Housing Office.

FIRE SAFETY EDUCATION AND TRAINING PROGRAMS:
• RA’s and RM’s participate in a fire extinguisher training exercise each year during Fall staff training.
• RA’s discuss fire safety with residents each semester during their community meetings.
• The Resident Life Handbook provides residents policies and instructions regarding fire safety.

FUTURE IMPROVEMENTS IN FIRE SAFETY
Sprinkler systems will be added to apartment buildings as funding becomes available. Maintenance will continue on the current systems, and system components will be replaced as needed throughout the year.
