Welcome to the DSU Student Success Program. This program is designed with your success in mind, and will provide you with resources and support to help you meet your academic goals at Dixie State University. This document represents a contractual agreement between you and the University, and your signature indicates that you are willing to comply with the program requirements.

PROGRAM BENEFITS

- **Academic Coach** - A more advanced student will be assigned to you and will help you learn the ropes of being in college. They will also be a resource to you in answering any questions or getting help you may need.

- **Academic Advisor** – While every freshman is assigned to an academic advisor, your advisor will have more frequent contact with you through your first year at Dixie State, and will register you for your classes.

- **Student Success Course** - You will be enrolled in a Student Success course which will provide you with the information that you will need to succeed at Dixie State.

- **Freshman Orientation** - In addition to the other great information provided at Orientation, we will have a special session for you and your parents to highlight the other benefits of your involvement with this program.

As conditions of my participation in the Student Success Program, I agree to the following terms:

- I will be enrolled in this program for my first year at DSU and until I have completed my general education English and math requirements.

- I agree to meet with my Academic Coach at least twice per month, and with my Academic Advisor at last once per month or as instructed.

- I agree that my Academic Advisor will register me for my prescribed coursework until I have graduated from the program, including the Student Success Course (SSC-1020) during my first semester.

- I will attend class, complete assignments and homework on time, and notify my instructors to make arrangements and complete any work missed due to excused absences.

- I understand that failure to complete these requirements will preclude me from registering for classes.

I have read and understand the above benefits and conditions of the program and accept full responsibility for my academic progress.
