

Dixie State University Policy

401 Environmental, Occupational Health, and Safety

- I. Purpose
- II. Scope
- III. Definitions
- IV. Policy
- V. References
- VI. Procedures
- VII. Addenda

I. Purpose

- 1.1 Dixie State University is committed to providing a safe and healthy campus environment for students, employees, and visitors who wish to study, work, and attend events or activities. In addition, the University aims to be a good steward of the environment.
- 1.2 This policy provides guidance to Administration, Facilities Management, Risk Management, Public Safety, Human Resources, health and safety organizations, supervisors, and all students, faculty, staff, contractors, and visitors in order to maintain a safe and healthy campus and meet all regulatory requirements.

II. Scope

- 2.1 This policy applies to and is for the health and safety of all University students, faculty, staff, visitors, constituents, and stakeholders at all campus sites and facilities.

III. Definitions

- 3.1 ***Personal Protective Equipment (PPE)***: protective clothing and equipment designed to protect the wearer from injury or illness.
- 3.2 ***Principal Investigator***: The DSU employee who has the responsibility for the environmental health, lab safety and/or employee/student work. They possess specialized training in environmental and/or occupational health and safety and can take the lead incident investigation and recommendation role. A supervisor may delegate the safety duties for which they are responsible, but must ensure

delegated duties are performed and obligations met.

IV. Policy

- 4.1 Safety is the responsibility of all university students, faculty, staff, visitors, constituents, and stakeholders.
- 4.2 Each individual is expected to comply with federal and state environmental and occupational health and safety laws, regulations, DSU policy, and safety procedures; utilize appropriate Personal Protective Equipment (PPE); complete appropriate safety trainings; and perform work in a safe and conscientious manner.
- 4.3 DSU employees shall report environmental and occupational hazards to immediate supervisor(s) and established incident-reporting systems, processes, and applicable department personnel.

Examples include, but are not limited to, the following departments and reporting systems:

- 4.3.1. Risk Management and Safety
- 4.3.2. General Counsel
- 4.3.3. Compliance Office/Title IX
- 4.3.4. Campus Police
- 4.3.5. Facilities Management
- 4.3.6. Human Resources
- 4.3.7. The Health and Wellness Center
- 4.3.8. The Silent Whistleblower Hotline

4.4 Responsibilities

- 4.4.1. Individuals (students, employees, visitors and guests)
 - 4.4.1.1. Safety is the responsibility of each and every person at the University.
 - 4.4.1.2. All members of the DSU community are individually and collectively the owners of safety and share the

responsibility to provide and maintain a safe and healthy environment.

4.4.1.3. Each individual is expected to act to promote the occupational health and safety of self, coworkers, fellow students, and all others at the University.

4.4.1.4. DSU employees are required to undergo basic hazards recognition and safety protection training within two weeks of employment.

4.4.1.5. Intermediate to advanced training, based on job classification and responsibilities, should be completed as soon as reasonably possible.

4.4.2. Supervisors

4.4.2.1. Supervisors are responsible for knowing and complying with all applicable general health and safety regulations and policies within their industry and/or area of work.

4.4.3. Department Leaders

4.4.3.1. Deans, Chairs, Executive Directors, Directors, and Department Heads are charged with ensuring organizational compliance with regulations and University policies to maintain a healthful and safe environment for all personnel.

4.4.3.2. Department leaders are expected to take appropriate action, identify hazards, and address identified issues of non-compliance in a timely manner.

4.4.4. Administrative Oversight

4.4.4.1. University administrators shall be responsible for the support, implementation, and oversight of health and safety policies.

4.4.5. Laboratory Technicians and Principal Investigators

4.4.5.1. Laboratory technicians are responsible for complying with all State and Federal regulations when using

DSU laboratories and while visiting off-site laboratories.

4.4.5.2. Laboratory technicians will abide by DSU policies and maintain a safe laboratory for all users.

4.4.5.3. Laboratory technicians are responsible for reporting any deficiencies or incidents to their supervisor, applicable parties, and the Principal Investigator.

4.4.5.4. The Principal Investigator is responsible for working with the laboratory technician and other University authorities to investigate and document any safety deficiencies or incidents.

4.4.6. Independent Contractors

4.4.6.1. Each independent contractor or sub-contractor is responsible for understanding and adhering to this and other University policies, procedures, and guidelines.

4.4.6.2. Each independent contractor is responsible for complying with University officials who are acting in their designated capacity and with all relevant regulations over which they maintain control.

4.4.7. Risk Management and Safety Committee

4.4.7.1. The Risk Management and Safety Committee is charged with promoting a safe campus environment while protecting the State of Utah and the University from liability and monetary loss due to property damage or theft.

4.4.7.2. The Committee will work to reduce risk in our buildings and grounds, as well as injury to our students, faculty, staff, and other campus visitors.

4.4.7.3. The Committee will be composed of representatives from across campus, including but not limited to the following areas:

4.4.7.3.1. Risk Management and Safety

- 4.4.7.3.2. General Counsel
- 4.4.7.3.3. Housing
- 4.4.7.3.4. Athletics
- 4.4.7.3.5. Lab Management
- 4.4.7.3.6. College of the Arts (Technical Theatre)
- 4.4.7.3.7. EMS program
- 4.4.7.3.8. Dining Services
- 4.4.7.3.9. Human Resources
- 4.4.7.3.10. Department of Public Safety
- 4.4.7.3.11. Disabilities Resource Center
- 4.4.7.3.12. Student Leadership and Involvement
- 4.4.7.3.13. DSUSA
- 4.4.7.3.14. Event Services
- 4.4.7.3.15. Facilities Management
- 4.4.7.3.16. Chemistry and Physics Faculty
- 4.4.7.3.17. Other areas as assigned by the Vice President of Administrative Affairs.

4.4.8. Risk Management and Safety Department

4.4.8.1. The Risk Management and Safety Department will provide the following:

- 4.4.8.1.1. risk assessment,
- 4.4.8.1.2. insurance services,
- 4.4.8.1.3. community education,
- 4.4.8.1.4. emergency management,
- 4.4.8.1.5. incident/hazard identification,

- 4.4.8.1.6. investigations and correction actions,
- 4.4.8.1.7. fire and life safety prevention and training.

4.4.9. Department of Public Safety

4.4.9.1. The Department of Public Safety will provide services, including but not limited to, the following:

- 4.4.9.1.1. police and security services,
- 4.4.9.1.2. crime enforcement,
- 4.4.9.1.3. prevention,
- 4.4.9.1.4. education,
- 4.4.9.1.5. physical building security,
- 4.4.9.1.6. traffic enforcement,
- 4.4.9.1.7. emergency alerts,
- 4.4.9.1.8. security escorts,
- 4.4.9.1.9. lockouts,
- 4.4.9.1.10. jumpstarts, and
- 4.4.9.1.11. lost and found.

4.4.10. General Counsel: General Counsel will provide, including but not limited to, the following: training, guidance, and oversight of legal compliance with federal and state laws, including health and safety regulatory requirements.

4.4.11. Facilities Management: Facilities Management will operate, maintain, and improve campus facilities by providing a safe, clean, attractive, and friendly environment.

4.4.12. Human Resources: Human Resources will provide general employee training and workers compensation programming and documentation.

4.5 The following occupational, industrial, environmental health and safety assessments, inspections, training, and audits will be performed, as necessary:

401 Environmental, Occupational Health, and Safety

- 4.5.1. Annual State of Utah Risk Management Self Inspection
- 4.5.2. Incident/Injury/Hazard Reporting
- 4.5.3. Online Compliance Training
- 4.5.4. Department Training
- 4.5.5. Fire and Life Safety System inspection, maintenance, and testing
- 4.5.6. General emergency preparedness and safety programming

4.6 Enforcement Authority

4.6.1. The following departments and/or personnel have the authority to implement improvement action plans consistent with the policy:

- 4.6.1.1. Supervisors,
- 4.6.1.2. Department leaders,
- 4.6.1.3. Risk Management and Safety (Risk Manager, Health/Safety Officer, and Fire Marshal),
- 4.6.1.4. Public Safety (Chief or Designee),
- 4.6.1.5. General Counsel (General Counsel, General Compliance Manger)
- 4.6.1.6. Facilities Management (Executive Director)
- 4.6.1.7. Vice President for Administrative Affairs

4.6.2. In consultation with the above listed professionals, the University President may order the suspension, restriction, and closure of University facilities in the event of regulatory violations, liability risk, and/or imminent danger to the health, safety, or welfare of persons and property.

4.7 Sanctions: Violations of this policy may result in disciplinary measures and/or actions including and up to termination in accordance with University Policy.
